

Y5 – project work to complete at home - Level 3: Wolf (loup)

Make a videocast (a video podcast) of you explaining what foods and drinks you do and don't like – and why!

1. Give at least four different opinions. Try and use the more impressive ones such as 'à mon avis' (in my opinion) and 'je pense que' (I think that)
2. Describe what it is you are eating (c'est un fruit, un legume, une boisson, du fromage etc.)
3. Use www.wordreference.com to look up the names of new foods or drinks. Similarly, use it to look up new adjectives (e.g. disgusting, horrible, revolting, unpleasant, lovely, pleasant, delicious, interesting, strange, bitter, sweet, salty etc.)
4. You COULD... make a video of you and a sibling trying out new foods and your opinions on them!
5. ! Don't forget to use intensifiers (assez, un peu, beaucoup, très, trop etc) and some new adjectives (see above!)
