# OLD LONG GROVE TIMES

By Dylan Richmond

Editor Elle Richmond

## Fun News

- A UK nurse was mowing her grass when she discovered her engagement ring, which had been missing for two and a half years. Alison Brown and her husband are celebrating their 15th Wedding Anniversary this year.
- Inventors have created a waffle maker that cooks waffles in the shape of Lego bricks. The modal works just like a normal machine apart from the fact that the waffle can be stacked on top of each other and create buildings.

## Fun Films- By Ben - Rivendell

Some great films to pass the time for different age groups are:

0-5: Cinderella a Twist in Time, my sisters loved this when they were younger

5-10: Spider-Man into the Spider Verse, probably one of the best animation films ever created

10-15: Dr Strange, a great story line

15+: How to Lose a Guy in Ten Days

Other films: Magnificent 7, Peter Rabbit and Secret Life of Pets

## Gaming and E- Sport Report - By Finn - Sweetbriar

### GAMING & E-SPORT REPORT

If you like gaming now will be very fun for you. And if you have never played online on something like an iPad, or a switch, or any other device you should play online now. It's the perfect time to play with your friends without being together in one house. If you want some advice these are just some games that are easy to get online to play with friends and that I think are very fun:

MARIO KART 8 DELUXE, SWITCH: a very fun go kart game where you unlock different go karts and choose from a variety of different tracks. Online play button lets you play with friends (1P option on the screen).

CHESS 3D, IPHONE, IPAD: A chess game that tells you the places you can move to help you learn how to play chess. You can send a message to friends to request a game online.

SCRABBLE GO, IPHONE, IPAD: It is very fun and is very similar to the real game!

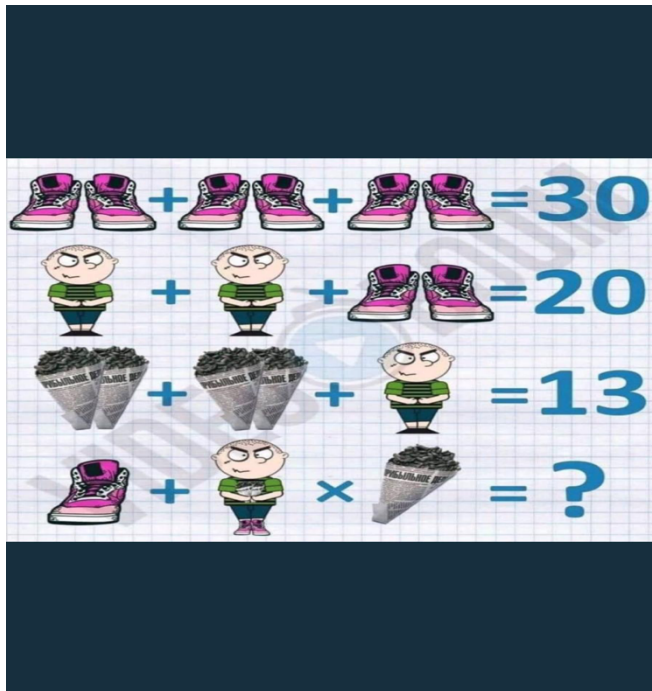

MINECRAFT, IPHONE, IPAD, SWITCH, XBOX: A game where you can build anything and has an educational mode.

FIFA, XBOX, SWITCH: a very fun football game that has different difficulty levels. You can play online against friends or other people round the world. FIFA is hosting a Stay and Play Cup where real footballers play online against each other. You can watch it live from the 15<sup>th</sup>-19<sup>th</sup> April at <https://www.twitch.tv/easportsfifa>.

### Magic Maths - By Elle

Here is a puzzle we want you to send us your answers via [olgtimes@gmail.com](mailto:olgtimes@gmail.com)

Clue: Look carefully!

### Joke of the Week

Q. What do you get if you pour boiling water down a rabbit hole?

A. Hot Cross Bunnies

By Judy - Owlsridge

## Recipe of the week: Scones

### Ingredients:

- 40g spreadable butter
- 225g self-raising flour
- 1 ½ level tablespoons caster sugar
- Pinch of salt
- 110ml milk
- Extra flour for rolling and dusting

### Method:

My mum always uses this recipe. It is very yummy and great to have as a mini afternoon tea.

1. Begin by rubbing the butter into the sieved flour quickly, using your fingertips, then stir in the sugar followed by a pinch of salt.
2. Now, using a knife, mix in the milk little by little, and when it's all in, flour your hands and gently knead the mixture to a soft dough (you may find you need just a drop more milk if it feels at all dry).
3. Place the dough on a floured pastry board and with a rolling pin (also floured) lightly roll it out to a thickness of about 3cm. (This thickness is vital. The reason scones don't rise enough is because they are rolled too thin.)
4. Then take the pastry cutter and tap it sharply so that it goes straight through the dough – do not twist or the scones will turn out a strange shape!
5. When you have cut as many as you can, knead the remaining dough together again and repeat. Then place the scones on the baking sheet, dust each one with flour and bake near the top of the oven for 12–15 minutes.
6. We usually make double the mixture so you can freeze some of them. If you can't get cream, these are very nice just with butter and jam.

## Activity of the Week

We want you to create your own imaginary Lego creature; it can be whatever you want, any shape or size. You might want to make unibear? Maybe even a flying dog! When you have finished your design we want you to send us your pictures via our email address [olgtimes@gmail.com](mailto:olgtimes@gmail.com).

## Easter Eggs

Thank you to everyone that has sent in your Easter eggs they are amazing. You are all very talented. Here are the Easter Eggs that got sent in.

On the top left we have Oak Underwood's Easter egg - by The Wanblad Family

On the top right we have Wedgewood's Easter egg - by Sienna Strutton - 7 years old

On the bottom left we have Silverwood's Easter egg - by Louise, Stuart, Olivia and Amy.

On the bottom right we have Ravenhill's Easter egg - by Nayna - 7 years old

## Writer's Note

I have been so happy to receive all the positive feedback, I really appreciate it and the emails sent to us with amazing pictures of the Easter egg designs, especially Nayna, The Wanblad Family, Louise, Stuart, Olivia, Amy and Sienna, they look excellent! I know it's hard staying at home but we have to keep it up to help keep everyone safe. Please stay at home, because when we are all allowed free, if we don't have the illness, we will be able to go out and enjoy all the things we used to. If we don't follow the rules and get the illness, we won't be able to go out and see and do all the lovely things we enjoy. Thank you, Ben at Rivendell who wrote the films section, above. Thank you also Finn who has done an amazing report on gaming and e-sport.
