Orchard Leigh  
Chesham  
Buckinghamshire  
HP5 3QF

The Independent Schools Inspectorate is appointed by the Department for Education to inspect association independent schools in England. Our inspections report on the extent to which the statutory Independent School Standards and other applicable regulatory requirements are met, collectively referred to in this report as 'the Standards'.

## Inspection outcome

The school meets all the relevant Standards that were considered during this inspection.

## Inspection findings

### Part 3. Welfare, health and safety of pupils

ISSR paragraphs 7(a) and (b), 15

1. The school has an appropriate policy for safeguarding, which includes suitable arrangements to safeguard and promote the welfare of pupils. The policy is effectively implemented by leaders. They ensure that staff have frequent training to fulfil their safeguarding responsibilities. The designated safeguarding lead (DSL) completes appropriate training, which is in line with statutory guidance and local requirements.
2. Leaders embed an effective culture of safeguarding. Staff are vigilant. They understand what to do if they have concerns that a pupil may be at risk of harm. Staff also know what to do if they have concerns about the behaviour of adults in school, including the need to report these concerns without delay. The DSL keeps detailed and thorough records, which are kept securely. These records include the reasons for leaders' decisions and the actions taken to follow up concerns.
3. Leaders work effectively with external agencies, when necessary, to protect and support pupils at risk of harm, and also with parents to help ensure that the individual needs of pupils are met. The governors maintain detailed oversight of safeguarding procedures and check that these are properly implemented, including through an annual review of safeguarding.
4. Pupils are supported effectively in learning how to keep themselves safe, including online. Internet monitoring and filtering is effective and appropriately reviewed by leaders. Leaders understand the contextual safeguarding risks to pupils, including risks of radicalisation and extremism, and take appropriate steps to mitigate these.
5. The proprietor ensures that an admission and attendance register is now maintained in accordance with statutory guidance. Leaders have appointed a senior attendance champion who monitors attendance data and provides suitable support to pupils and parents to improve attendance. The senior attendance champion reports to leaders and governors and liaises with the local authority where required. Leaders ensure staff follow the school attendance policy and procedures effectively which includes the use of the correct codes in the attendance register.
6. The school meets the Standards.

### Part 6. Provision of information

ISSR paragraph 32(1)(c)

7. Leaders meet the requirements for providing information relating to safeguarding to parents by publishing the safeguarding policy on the school's website.
8. The school meets the Standards.

### Part 8. Quality of leadership and management of schools

ISSR paragraphs 34(1)(a), 34(1)(b), 34(1)(c)

9. Senior leaders and governors receive appropriate training to ensure that they have the skills and knowledge so that the school meets the Standards.

10. Since the previous inspection, the proprietor has ensured that leaders have fully implemented their action plan. Staff and governors have received specific training regarding admission and attendance. Attendance is linked to safeguarding and reported as such throughout the school and to governors. There is now a robust system of ensuring all statutory updates are understood by leaders and managers.
11. Governors have an annual review cycle of policies so that they have appropriate oversight and ensure that leaders actively promote the wellbeing of pupils.
12. The school meets the Standards.
